To Parents/Guardians of Children with **Seizures**:

The Mississippi Legislature has passed an act that permits school students to carry emergency seizure medications. This means that a student can keep their medication, (**Diastat**), at school for immediate availability, if needed, provided the following conditions have been met:

1. The parent must provide **written consent** for student to carry medication (when applicable), and authorization for nurse or trained principal designee to give emergency seizure medication.
2. A **written statement** from the student's doctor, physician assistant, or nurse practitioner indicating the following:
 - The student has Seizures
 - The name, purpose, and prescribed dosage of the medications
 - Time, circumstances of when student is to receive medication **AND**
3. The student must **receive instructions from nurse** on responsibilities of carrying medication and **sign a Student Agreement Form** on guidelines/safeguards for carrying emergency medication.

Please bring medication to nurse and have child with you, when possible.

Please Note: The Mound Bayou School District, it employees and agents will not be held liable for any injury sustained by the student who has self administered Seizure medication.

I acknowledge receipt of the terms and condition of the circumstances in the above information. I agree to hold the school harmless for claims and release the school, its employees, and agents from liability for any injury sustained by student as a result of self administering seizure medication.

Signature of Parent/Guardian

Name of Student
